

Zen PDF Studio

Simple, Fast, and Free PDF User Guide • Version 1.0

1. Overview

Zen PDF is a free, fast, and private PDF toolkit for Android and Windows. It runs 100% locally on your device with no internet, no sign-up, and zero ads.

2. Main Features

Feature	What It Does
120 FPS PDF Viewer	Instant loading, smooth touch scrolling, and infinite pinch-to-zoom up to 5,000% via native PDFium C++ engine.
Universal Converter	Convert Word (.docx), PowerPoint (.pptx), Excel (.xlsx), Text, and CSV to PDF and vice versa (PDF to Word, PPTX, Excel, HTML, JSON) 100% offline.
Photo Scanner & Filter	Multi-threaded background image processing with Clean Scan, Black & White, and Magic Color filters.
Edit & Digital Sign	Add text notes, draw signatures, insert Acrobat-style verified green checkmark stamps, and whiteout unwanted parts.
Signature Verifier	Inspect and verify PKCS#7 / Adobe cryptographic signatures on Aadhaar cards, PAN cards, and Form 16 slips.
Page Organizer	Reorder pages with drag-and-drop, rotate pages 90°, combine multiple PDFs into one, or extract selected pages.
Lock & Protect	Secure documents with standard AES encryption passwords or remove passwords from unlocked files.
Completion SFX & Loader	Plays a melodic success chime SFX with haptic feedback upon completing every operation, paired with a custom spinning fidget loader.

3. Quick How-To Guides

A. Convert Word, PowerPoint, or Excel to PDF:

- Tap **Any File to PDF** on Home Screen → Choose .docx, .pptx, .xlsx, .txt, or .csv file → Tap **Convert to PDF**.

B. Convert PDF to Word, PowerPoint, Excel, or Text:

- Tap **PDF to Any Format** → Select PDF → Pick format (Word, PPTX, Excel, TXT, CSV, HTML, JSON) → Tap **Convert**.

C. Verify Digital Signatures on Aadhaar / PAN:

- Tap **Verify Signatures** → Select your Aadhaar letter, PAN card, or Form 16 → View validity status & certificate.

Zen PDF Studio • 100% Offline & Private • Built for Android & Windows
